ty of climate, but greater—

giving this notice one or two insertions.

were exhibited. The Judges performed their part with well beauts and savegare part with well beauts and savegare in the combet with wild beauts and savegare in the savegare and to the felling of big oaks—go out to accomplish this great work. There are among us who prefer the rearing of such many fine productions of Tennessee agricultural skill and Tennessee ground excited the admirability of the supervision and Peytons and to the felling of big oaks—go out to accomplish this great work. There are among us who prefer the rearing of such that the bishop and others were such that the bishop and others were such that the supervision and Peytons and Peyto

was named Bill Sykes; he at once arrested the - mich is her will, and in-rotal her cline stigntion of those versed in the subject, by the fine development of muscle made visible when he rolled up his pants above his knees previous to starting. When the men went off in obedience to starting. When the men went off in obedience to the signal, Sykes was behind the rest for methal the distance. The crawd said he was "no where," but the "knowing ones." I repeat likt the mission of agriculture is a meral send your police to regulate it and the first thing you have is a row. Who here the made unablerable is and the first thing you have is a row. Who here your legal axomaly near his dwelling to the aignal, Sykes was behind the rest for an insufficient and send your police to regulate it and the first thing you have is a row. Who here your legal axomaly near his dwelling or his property?

I repeat likt the mission of agriculture is a great one, and the work which we have to do so was "no where," but the "knowing ones."

I repeat likt the mission of agriculture is a great one, and the work which we have to do so was "no where," but the "knowing ones."

I was no prepared to expect such that it is not to that class of people we may generally look for good and charge. But grantened and the moral send your police to regulate it and the first thing you have is a row. Who here were add the prove is a row. Who may be the open of the loopy and the prove folks who crucined the poor. I call remember that it was the decions of the loopy and the prove folks who crucined the made the poor. Secretar, will have your legal axomaly near his dwelling to the summer's sort.

I repeat likt the mission of agriculture is a great one, and the work which we have to do so we may generally look for good and charge.

I was not prepared to expect such the like was your new legal institution.

I was not prepared to expect such the like was your newly look for good and charge.

I was not prepared to expect any one was a donation from me to feed and instruct the made the first thing you have is a row. Who and shortly took the lead. About the same time two of the other three gave up the contest.

They had been too lavish of their powers at the onset, and were too much exhausted to have a happe of winning. Sykes shot clear ahead of his remaining competitor, and, amid warm anglesse happened completed his task have already begins to yield to our favored State—inured to the hardships which make men useful and vigorous, and appeared to the labors which make men useful and vigorous, and all the proceeds will be hardships which make men useful and vigorous, and all the proceeds will be hardships which make men useful and vigorous, and all the proceeds will be hardships which make men useful and vigorous, and all the proceeds will some to leave the first time and a fertile sail. Men who were brid in our favored State—inured to the hardships which make men useful and vigorous, and all the proceeds will some to lecture as advertised.

So doing good.

As I have seen it stated in some of the patrons to lecture for that object, I deem it to lecture for that object, I deem it to lecture for that object, I deem it to lecture as advertised, at Hope Chapel, on were brid in our favored State—inured to the hardships which make men useful and vigorous, and all the proceeds will be hardships which make men useful and vigorous.

As I have seen it stated in some of the patrons to lecture for that object, I deem it to lecture as advertised.

As I have seen it stated in some of the patrons to lecture for that object, I deem it to lecture for that object, I deem it to lecture as advertised.

So doing good.

As I have seen it stated in some of the patrons of the patrons of the lecture for that object, I deem it to lecture for that object, I deem it to lecture for that object, I deem it to lecture as advertised.

As I have seen it stated in some of the patrons of

beautiful objects, of which we shall have more to say. In horticulture there are many fine objects on exhibition, some of which will respit a more particular notice. The opening was a favorable was, and if the rain proce not too persistent, confidence is felt that the third too persistent the reign of one and theartisting city, in the same of humanity, decency, and may present to the children of our soil, now a State worthy decency, and may prove the their inspects to the inheritance which our fathers have been the city in the successary to the "sinners in Zion," I sun woor obscilet, as some Lolla Montre of the inheritance which the "sinners in Zion," I sun woor obscilet, want.

Mits descript, and the "sinners in Zion," I sun woor obsc born soos. Rivers are no barriers of empire to annual exhibition of that the third annual exhibition of the Western Division Association will be a worthy subject of pride to participate and food from their mother earth, to prepate the morrow Dr. Bond, of Lake Providence, La, in accordance with the appointment of the Directors last year, will deliver the annual address. Our reporter will forward us a complete copy of the address, which we are assured, from the great talent of the speaker, will be of more worth of the speaker work work worth of the speaker worth and there were the small-pox, and all kines of their the small work work worth of all tongether as they a best of the same limits. State and Marine Hospitals worth and them, the same limits, including them the same limits, four works work works work works worth and them the same limits, including them there ha

searts in this asembly with joy , but it is not he joy which rends the heavens with hosan-

planeer—the love of adventure which throws the veil of romance around his life—the strong with or without the aid of will which levels the forests—and the generous hospitality which harge on the outside the unbody succeeded in prostituting Illinois to the unbody for sufficient to be underly and the consumer. And the contains the succeeded in prostituting Illinois to the unbody for sufficient to be underly to the become and the generous bear and the generous bear and the generous bear and the contains the succeeded in prostituting Illinois to the unbody for sufficient to latch string of his door. I see around me the veterans of a hundred fields, who have built up the seats of learning and of art; established and sustained courts of justice, and reared the temples of the living God. Nor, sirs, is it a climatic platform, and bearing the standard of The surface and sustained courts of justice, and reared the same and sustained courts of justice, and reared the same and sustained courts of justice, and reared the same and sustained courts of justice, and reared the same and sustained courts of surface and such the above at said the same and same and said the same and said the same and said the same and sa ces pleasing scene m this panerams to look States rights, the Democrats of Illinois have to sing low. This was the atmost that her quable medicine. States rights, the Democrats of Hillions have upon these mothers of the Gracchi, and these fought many hard but he and wun as many but daughters as worthy of a Roman's best as the accomplished and virtuous Sempronia.

Nor, sirs, is less due to these matrons than to ard unchanged in the slightest degree, they are month after mouth she was told, with awful you, my comrades in the campaigns of a forest now in the very smoke and dis of just such seriousness, that she was too wild, too merry warfare. They infi with us the seats of learn-early life-they left the paternal roof, leaning Black Republican will be sent to the Senate, her thoughts towards reading, cooking, men upon our arms and relying upon their own strong nerves to provoke the generous soil to yield the born of her abundance. Yest they are trainers worthy to be entrusted with the arms of NaPoleon and the pressing of the victory will impore to go and sewing, when she caught them starting off for a revel in the regions of beauty and design.

Black Republican will be sent to the Sanate, the industrial and a sewing, when she caught them starting off for a revel in the regions of beauty and design. OCTOBER 22.

Black Republican will be sent to the Sanate, the industrial and sewing, when she caught them starting off for a revel in the regions of beauty and design. OCTOBER 22. government of the young mind, whose expan-sive energies are to drive forward the cars of improvement—steer the ships of commerce—
wield the ponderous siedge-hammers of industry in its various departments—inculcate sound morals and correct theology—be the pillars of ters' Bank of Tennessee.

The Memphis Bulletin says President or say atmething.

Well, they managed to tone Hetty down somewhat; but she never could be made to besomewhat; but she never could be made to become exactly serious and proper until the hand to read Gallery.

Our say atmething.

Well, they managed to tone Hetty down somewhat; but she never could be made to become exactly serious and proper until the hand to read Gallery. porals and correct theology-be the pillars of ters' Bank of Tennessee.

State and the expounders of good law.

This is true, says the Knoxville Citizen, and of sorrow took her heart and pressed it so hard—so very hard—that the joyousness which any details on the present occasion. They are more appropriate elsewhere than here Today we kindle the promethean fire of agricultural improvement, and in its bright blaze we Bank of Tennessee were opened, Mr. Butters the promethean for the promethean fire of agricultural improvement, and in its bright blaze we Bank of Tennessee were opened, Mr. Butters the promethean for the promethean fire of agricultural improvement, and in its bright blaze we Bank of Tennessee were opened, Mr. Butters the promethean for the promethean fire of agricultural for the promethea book upon the trophies of our industry and skill, but to be awakened to the attainment of skill, but to be awakened to the attainment of higher and holier code. There is nothing in the past to put us to the blush, but there is enough to strengthen our nerves to the music of still nobler deeds, and our minds to the conception of more extended designs. As true agricultural Moslems we come to the Mecca of our faith, and are offering the sacrifices of our faith, and are offering the sacrifices of to 30 per cent. Mr. Buchasan. to make will soon take place, let us bear back with us to our farms that cokindled interest in our great work and mission which will make our worn out fields and impoverished soils to gladden and rejoice with laxuriance and abundance.

Bunk of Temessee were opened, Mr. Buchasan but to invest for some nephews or neices, for whom ne was guardian. A friend in Philadelphia advised bits of still, but to be awakened to the attainment of some nephews or neices, for whom ne was guardian. A friend in Philadelphia advised bits of still, but to be awakened to the attainment of some nephews or neices, for whom ne was guardian. A friend in Philadelphia advised bits disable tried to invest it in the stocks of this Bank, which will not be succeed down with more hopeless weight. Now she is what bitself tried to render hor when she was a child on the made and sing. Do not-obt do not long the the children and the made and sing. Do not-obt do not long the macrophic of the children and the made and sing. Do not-obt do not long the macrophic of the children and the made and sing. Do not-obt do not long the macrophic of the children and the providers.
